

Nimbus Startups - Flexible Time Off (FTO) Guide

Company: Nimbus Startups Inc.

Document Type: Culture & Benefits Guide

1. The "Take What You Need" Leave Policy At Nimbus, we do not track your days off. We operate on a Flexible Time Off (FTO) policy, often called "Unlimited PTO." As long as your projects are delivered on time and your team is covered, you may take time off as needed.

2. Minimum Vacation Requirement While we do not have a maximum limit, we enforce a **mandatory minimum** of 10 days off per year to prevent burnout.

3. Casual & Sick Leave Because of the FTO policy, we do not track "Casual Leave" or "Sick Leave" as separate numeric categories. If you are sick, stay home and rest. If you need a casual day for errands, coordinate with your manager. All absences are logged simply as "OOF" (Out of Office) in the team calendar.
